

## How you can help

There are various ways you can support the Trust's work:

- **set up a monthly standing order** (a regular contribution of £30 a month is enough to fund one child in financial hardship),
- **make a one-off donation,**
- **help us fundraise.** Fundraising activities and events also spread the word about the Trust and gather more supporters. We have a selection of posters and could also provide a speaker.

To make a one-off or regular donation, go to our website for a donation form or give online by searching for Aim Hai Trust SCIO on [www.thebiggive.org.uk](http://www.thebiggive.org.uk).

## Your donation will help children

- to enjoy a primary education their families could not otherwise afford,
- to have a high quality education in English at an early age – which will also help them achieve their potential in secondary school and college,
- to be taught in small classes,
- to have better classroom accommodation, equipment and materials.

## What's in a name?

- Aim Hai is pronounced Aim High; which is precisely what we the Trust – and the school, its students, parents and teachers – are all about!
- Hai in Swahili means 'Live' or 'Alive' in English.
- Our activities, and Aim Hai School and Kindergarten, are focused on the Hai District in northern Tanzania.

More information is available on our website:
